EDUCATION

Islamic University of Technology (IUT)

Bachelor of Science in Electrical & Electronic Engineering

Expected Sept 2026

Dhaka, Bangladesh

- Coursework: Power Electronics, Energy Conversion, AI & ML, DSP, VLSI, Communication Engineering
- Scholarship: OIC Full Scholarship

Njala University

Higher National Diploma in Community Health & Clinical Studies

Apr 2021

Bo, Sierra Leone

- Coursework: Clinical Methods, Human Biology, Mental Health, Health Information Management

EXPERIENCE

Institute of Nuclear Science & Technology

Engineering Intern – Nuclear Energy & Safety

Sept 2025 – Oct 2025

Dhaka, Bangladesh

- Participated in operational procedures within a 3 MW nuclear research reactor facility
- Assisted with reactor diagnostics, radiation monitoring, and safety compliance checks
- Contributed to reactor efficiency assessments and technical safety evaluations

Ghorashal Power Plant

Engineering Intern – Thermal Power Generation

Sept 2025 – Oct 2025

Ghorashal, Bangladesh

- Supported turbine monitoring and maintenance operations in a large-scale thermal power facility
- Assisted engineering teams in evaluating equipment performance and generation efficiency
- Analyzed power distribution processes and identified operational improvement opportunities

Robi Axiata Limited

Engineering Intern – Telecommunications & Network Operations

Sept 2025 – Oct 2025

Dhaka, Bangladesh

- Assisted telecom data centre operations to maintain reliable network performance
- Evaluated network KPIs and identified connectivity improvement opportunities
- Analyzed user data trends to support service planning and demand forecasting

Magbema Islamic Secondary School

Science Teacher

Sept 2017 – 2021

Rokupr, Sierra Leone

- Taught Biology, Chemistry, and Physics to secondary school students
- Prepared students for WASSCE examinations through mentoring and lesson delivery
- Developed curriculum-aligned instructional materials to improve learning outcomes

INTERCEPTS (International College of Professionals & Technocrats)

Teaching Assistant – Department of Nursing

Jan 2020 – 2021

Rokupr, Sierra Leone

- Supported undergraduate nursing instruction in theoretical and practical clinical courses
- Assisted students with research projects, thesis supervision, and academic mentoring
- Contributed to curriculum support and academic quality improvement activities

CERTIFICATIONS

Google Project Management Professional Certificate

Coursera & Google

Jan 2024

Online

Renewable Energy Technology Fundamentals

University of Colorado Boulder & Coursera

July 2023

Online

Disaster Preparedness

Dec 2023

Industrial Training Certificate

Nuclear, Thermal Power, and Telecom Industrial Placement

2025
Bangladesh

PROJECTS**Intelligent IoT Framework for Aquaponics Farming**

- Designing a sensor-based IoT and cloud-integrated aquaponics monitoring system
- Applying smart systems and embedded technologies to support sustainable food production

Self-Medication Among Youth in Sierra Leone

- Conducted community-based research assessing self-medication practices among youth
- Applied epidemiological methods, field data collection, and public health analysis

SKILLS**Programming & Data** : Python, C, MATLAB, Power BI, Jupyter Notebook**Engineering Tools** : Proteus 8, IoT Systems, Power Electronics, DSP, Circuit Design**Professional Skills** : Project Management, Research, Technical Writing, Leadership**Health & Informatics** : Community Health, Epidemiology, Health Informatics**Languages** : English (Proficient), Krio (Native), Temne (Native)

LEADERSHIP**International Students Community (ISC), IUT***President**2024 – 2025*
Dhaka, Bangladesh

- Led a multicultural student body representing 500+ international students
- Coordinated student welfare, institutional engagement, and community events
- Strengthened collaboration between students and university administration

Sierra Leone Students Community, IUT*President**2023 – 2024*
Dhaka, Bangladesh

- Founded and led initiatives supporting Sierra Leonean students in Bangladesh
- Organized academic, cultural, and welfare programs for student integration

International Students Community (ISC), IUT*Deputy Secretary General & Director of Information**2022 – 2024*
Dhaka, Bangladesh

- Managed organizational communication and digital information dissemination
- Supported strategic planning, student representation, and event coordination

INTERESTS

Artificial Intelligence, Renewable Energy, Sustainable Technology, Smart Systems, Public Health Innovation, Football

REFEREES**Dr. Mwebesa Umar**

Registrar, IUT
